Join the City of Fort Lauderdale and Downtown Fort Lauderdale Transportation Management Association (TMA) for a workshop to review the public outreach results and new route proposals for the Sun Trolley's Northwest Community Link and Neighborhood Link.

A series of meetings were held last fall and a survey was implemented to receive public input on improvements to these two Sun Trolley routes. Based on input received, draft recommendations for proposed route changes have been developed.

The City and TMA are hosting three public meetings to share the proposed routes and to seek neighbor input to ensure the new planned services will best serve the community.
