The Contractor's employees are not to be accompanied in their work areas on City premises by acquaintances, family members, or any other person unless said individual is an authorized Contractor employee. The City of Fort Lauderdale prohibits teenagers, minors, or children from working in City-owned buildings under this Agreement.

The Contractor shall provide all materials, supplies, and equipment as required to properly maintain the facilities and areas in an acceptable condition. This shall include all required maintenance and cleaning products, including, but not limited to: cleaners, disinfectants, bleach, floor care cleaners and protective coatings, etc. It shall also include brooms, mops (wet and dry/dry dust mops), mop handles, dust mop handles, dust pans, bowl mops, bowl brushes, putty knives, dusters, sponges, rags, window squeegees, floor pads, rubber gloves, spray bottles, floor machines, vacuum cleaners, etc., needed to perform the cleaning.

NOTE: All supplies must be used in accordance with the manufacturer's recommendations and instructions. All containers must be labeled with the manufacturer's brand name, name of product, and its recommended use.

All floor finishes, floor sealer, floor stripper, germicidal cleaner, disinfecting cleaner, carpet cleaner, supplies, detergents, spotter, metal and wood polishes, etc. must be registered with the United States Department of Agriculture.

Contractor's employees must use protective clothing or gloves when handling harsh skin irritating chemicals.

Vacuum cleaners shall be equipped with a beater bar or double row of brushes with high suction. The bar or brush setting should be approximately 1/8" below the vacuum cleaner casing. It is recommended that vacuum cleaners be equipped with special HEPA type bags that lose no more than 1/10 of one percent of collected dust to the atmosphere.

NOTE: All equipment used in the cleaning operation of any Police building must be in good safe operating condition as required by OSHA. Equipment with broken or exposed electric wires will not be used. Upon completion of the workday, all equipment will be properly stored or removed from the facility. Any Contractor disposing of recyclable materials by placing the material in the trash or removing it from the premises shall be charged and a deduction of the market value of the materials will be taken from the Contractor's monthly invoice.

4.12 Building Security

All locations identified in this RFP are involved with daily police activity. As such, they must maintain a high level of security. All facilities have designated staff available to provide entry or exit. The main police building has a computerized door card system for entry. Once inside, there are door cards that will allow contractor's employees to move about the building. Internal offices in all facilities are either open or keys are provided that must be returned at the end of each workday. The contractor is responsible for the door cards or keys entrusted to his employees and will have the cost of any lost cards or keys deducted from his monthly invoice.

Contractor's employees must be properly identified and should not enter or leave buildings at will once reporting for duty. Entry and exit will be limited to the initial report for service and service completion time.

The Contractor shall provide the City with a weekly attendance/sign-in sheet for each location awarded. Attendance and hours shall be recorded daily, or in accordance with the work schedule. A legible copy of this report shall be provided weekly to the Maintenance Supervisor, or his designee. The report shall verify all hours worked, and serve as a documented personnel attendance log.

Contractor's employees are prohibited from using City telephones. Charges billed from use of telephones by Contractor's employees will be deducted from monies due the Contractor and could result in the termination of the contract.

NOTE: Charges billed to the City of Fort Lauderdale due to the failure of the Contractor's employees to properly arm or disarm any building's alarm system shall be deducted from the Contractor's monthly invoice.

4.13 Background Checks

Prior to beginning any services under this contract, the successful proposer will provide a list of all employees he / she intends to use in the locations listed in Paragraph 5.3 below. Two of the locations identified in Paragraph 5.3 below, the Police Administrative Offices and Internal Affairs, are particularly sensitive areas. Therefore, in addition to a background check, the employees assigned to clean these two areas must submit to a polygraph examination prior to beginning work. Any employee who has failed either one of these requirements will not be allowed to work in these two specified areas.

4.15 Employee Fidelity/Crime

The sensitive nature of the locations listed in Paragraph 4.14 above will also require that the Contractor provide evidence of insurance for employee fidelity/crime. See Paragraph 3.20 for Insurance requirements.

4.16 Safety

The Contractor shall be responsible for instructing employees in safety measures considered appropriate. In addition, the Contractor shall not permit the placing or use of mops, brooms or other equipment in traffic lanes or other locations in such a manner as to create safety hazards. If the nature of the work requires it, the Contractor will place appropriate warning signs for slippery floor areas caused by cleaning or floor finishing operations. Contractor's employees shall be required to interrupt their work at any time to allow the passage of City personnel.

5.4 Contracts

These Request for Proposal specifications, services and schedules, as well as the resulting response, will be included as an integral part of the contract. Bidders should realize that any and all statements made in their proposals would automatically become part of the final contract for janitorial services. Inability to contractually guarantee any statement made for specifications, services and schedules may result in bidder disqualification.

PART VI – PROPOSAL EVALUATION CRITERIA

An evaluation committee of qualified City Staff or other persons selected by the City will conduct evaluations of proposals. It MAY be a two step process. In step one, the committee will evaluate all responsive proposals based upon the information and references contained in the proposals as submitted. The committee will score and rank all responsive proposals and determine a minimum of three (3), if more than three (3) proposals are responsive, to be finalists for further consideration. In the event there are less than three (3) responsive proposals, the committee will give further consideration to all responsive proposals received. In step two, the committee may then require presentations and /or conduct discussions, for clarification purposes only, with the finalists and re-score and re-rank the finalists' proposals. The first ranked proposer resulting from this process will be recommended to the City Commission for award of a contract.

The award of the contract will be based on certain objective and subjective considerations listed below:

Understanding of the overall needs of the City for such services as presented in the narrative technical proposal. **(30 points)**

Experience, qualifications and past performance of the proposing firm, including persons proposed for the contract, facilities and resources. **(40 points)**

Estimated cost to the City based upon proposed cost per location. **(30 points)**

TOTAL POINTS AVAILABLE: 100

The City of Fort Lauderdale reserves the right, before awarding the contract, to require a Proposer to submit any evidence of its qualifications as the City may deem necessary, and to consider any evidence available of financial, technical and other qualifications and capabilities, including performance experience with past and present users.

The City of Fort Lauderdale reserves the right to request additional clarifying information and request an oral presentation from any and all Proposers prior to determination of award.

The City reserves the right to award the contract to that Proposer who will best serve the interest of the City. The City reserves the right based upon its deliberations and in its opinion, to accept or reject any or all proposals. The City also reserves the right to waive minor irregularities or variations to the specifications and in the bidding process.

The City uses a mathematical formula for determining allocation of cost points to each responsive, responsible proposer. The lowest, responsive, responsible proposer receives the maximum allowable points. When using this formula, a proposer that submits a cost or fee which is two times greater than the cost/fee of the lowest responsive, responsible proposer, will result in receiving zero points for cost.

2^{nd} lowest cost minus lowest cost = X

X divided by lowest cost = Y

Y times the total number of cost points = Z

Total number of cost points minus Z = points assigned to 2^{nd} lowest vendor and so on.

Attn: Sgt. Glenn Galt, Staff Support

Dear Sgt. Galt,

Kleen Master has been providing service for the City since November 21, 2004. Since the inception of this contract, there has been a significant change in the labor wage laws. In January 2006, the minimum wage for Florida increased to \$6.40 per hour. This is a \$1.25 per hour increase from the previous year. This increase has an overall effect on Kleen Masters direct costs such as taxes and insurance. Kleen Master has made the necessary adjustments to be in compliance with the State of Florida minimum wage laws. In addition, the significant hike in fuel prices, certainly has an impact on all employees as well as Kleen Master. It is at this time as we approach our 2nd year anniversary date of service for the City of Fort Lauderdale, that Kleen Master exercise its option as indicated in the contract and respectfully requests a 5% rate increase for services performed at the City of Fort Lauderdale Police Department. Therefore, the monthly rate adjustments would be as follows: Main PD will increase from \$1,341.75 per wk to \$1,408.84 per wk, Mounted Unit will increase from \$30.00 per wk to \$31.50 per wk, Marine Unit will increase from \$40.00 per wk to \$42.00 per wk, Special Investigations will increase from \$110.00 per wk to \$115.50 per wk, Internal Affairs will increase from \$60.00 per wk to \$63.00 per wk, and Community Support will increase from \$120.00 per wk to \$126.00 per week.

Kleen Master hopes that you will be in agreement with us and grant us our request for a rate increase. Also, please find enclosed a copy of an acknowledgement that Kleen Master is certainly looking forward in continuing to provide service for the Police Department.

We value your continued confidence in Kleen Master with our ability to provide quality service to the City of Fort Lauderdale.

Yours truly,

Michael Greenspan
