RECOMMENDED FOR APPROVAL (7-1) TO THE CITY COMMISSION, WITH STAFF CONDITIONS:

1. At time of permit submittal, applicant will be required to pay a Park Impact Fee for the proposed residential units prior to issuance of building permit in accordance with ULDR Sec. 47-38A.

2. Prior to final DRC, applicant shall provide a final School Capacity Availability Determination (SCAD) letter that confirms that school capacity is available, or if capacity is not available, that mitigation requirements have been satisfied.

3. The applicant is required to contract with an archaeologist to provide a shovel test survey that includes samples from throughout the project site and states whether the development site holds archaeological significance. The archaeologist must state within the report if further testing on the site is required and/or if monitoring by the archaeologist is required during ground disturbing activity once construction commences. All preliminary reports from the archaeologist must be submitted, prior to final DRC approval, to both the Case Planner and Historic Preservation Planner. If monitoring is required, the applicant must also provide a letter of agreement with the archaeologist stating that they will be present during phases of the project that include ground disturbing activity.

4. Prior to Final Development Review Committee (DRC) approval, applicant shall revise plans to remove proposed on-street parallel parking along Orton Avenue, due to high future groundwater table elevation to alleviate flooding. Proposed concrete curb and gutter layout along Orton Avenue to remain, but revised with breaks in curb to allow for conveyance of street drainage into swale area. Revise plans to show over-excavation of existing compacted soil between proposed curb and gutter and public access sidewalk within adjacent Orton Avenue, and design with a viable roadside swale (vegetated bioswale over an open-graded rock layer is preferred).

5. Prior to issuance of Final Certificate of Occupancy (C.O.), applicant shall dedicate a ten (10) foot by fifteen (15) foot utility easement for any four (4) inch or larger water meter and/or the first private sanitary sewer manhole located within the proposed development and outside of existing right-of-way to facilitate City maintenance access as approved by the City Engineer.

6. Prior to issuance of Final C.O., applicant shall coordinate Maintenance
Agreement with the City for property frontage along Orton Avenue as shown on Sheet MX (Maintenance Agreement Exhibit). Proposed improvements within adjacent City right-of-way include concrete driveway paving, concrete curb & gutter and valley gutters, swale, landscaping including structural soil, and irrigation.
