

DECONSTRUCT/REIMAGINE

OPEN CANVAS PROJECT

Join the fun as the community unites to transform an abandoned city building into an exciting art canvas that is a gateway to the downtown, FAT Village and MASS District. Volunteers, artists and community supporters come together to turn the former "One Stop Shop" building into an urban art piece on Oct. 28.

Enjoy live art, music, food, and family friendly activities all day long. Watch the live murals go up, eat, dance and mingle before heading to the FAT Village & MASS District Art Walks.
