CASE COMMENTS:

Please provide a written response to each of the following review comments:

1. Provide written documentation that proposed Vacation of Rights-of-Way meets the City's Criteria for Review per ULDR Section 47-25.2 (Adequacy Review).
2. Provide a signed and sealed boundary and topographic survey showing all above ground improvements, utilities, rights of way dimensions and all easements. This survey shall be based on a Standard Title Commitment issued by a title insurer licensed to do business in Florida or an Opinion of Title issued by an attorney admitted to the Florida Bar.
3. Provide copy of latest corresponding Site Plan, so that it can be reviewed for consistency. Confirm that limits of proposed Right-of-Way vacation are consistent with Site Plan.
4. Please contact City's Public Works Department, Rick Johnson at rjohnson@fortlauderdale.gov or 954-828-7809 for water and sewer utilities, and Elkin Diaz at 954-828-6539 or ediaz@fortlauderdale.gov for stormwater infrastructure, to verify and determine whether there are any public utilities present within the Right-of-Way to be vacated. A surveyed location of the utilities shall be provided to staff for review. In addition, full cost of relocation of any utility shall be borne by the Applicant, and the relocation plan shall be reviewed and approved by the City's engineering department prior to the relocation implementation.
5. Provide letters from all franchise utility providers, including Public Works, demonstrating their interests in maintaining or no objection to the vacation of this Right-of-Way; the letters should specifically state whether or not the franchise utility providers have existing facilities within the Right-of-Way vacation area that will need to be relocated or abandoned.
6. Provide standalone sketch and description for this DRC application. Submit the stamped copy of the surveyor's sketch and description to the City's Surveyor for his review of the legal description of the Right of Way considered for vacation and his approval. Then, route the surveyor's sketch to the Land Development Manager or designee for signoff prior to submittal to the case planner for final authorization to present this item to the City Commission.
7. Please be advised that the vacating ordinance shall not be in full force and effect until an Engineer's Certificate is executed by the City Engineer or designee. This Engineer's Certificate shall be executed by the proper authorities and recorded in the public records of Broward County. A copy of the recorded certificate is to be provided to the City upon recordation. The City Engineer's certificate shall also state that all the existing facilities within the vacated Right-of-Way have been relocated or abandoned.
8. Please be advised that additional Easements may need to be dedicated to the City resulting from the Vacation of Rights-of-Way approval process, including Utility Easement(s) that allow the City perpetual maintenance access to existing public sewer, storm drain, and water infrastructure, and Access Easement(s) that mitigate an otherwise dead-end Alley condition.

As applicable, provide documents such as easement and/or right-of-way deed, joinders, consents and Attorney's Opinion of Title. Please refer to City's Web site:
