Spot Survey	Supporting Doc	Yes
Structural Calculations	Supporting Doc	Yes
Survey	Supporting Doc	Yes
Test and Balance Report	Supporting Doc	Yes
Threshold Plan	Plans	Yes
Truss Drawings	Supporting Doc	Yes
Under Construction EC	Supporting Doc	Yes

- Plans are broken down into individual sheets for markup; there is versioning per sheet when corrections are received provided the sheet numbers are the same as in the original submission.
- Supporting Documents open for view as a PDF, they are not broken into individual sheets. You can still comment on them, but there is no versioning when new version is uploaded as there is with plan sheets.
