

ADDITIONAL APPLICATION STEPS:

1. Apply for UTILITY FRANCHISE permit. Click→ [Application Instructions](#)
2. **AFTER** DSD-Engineering has **tentatively approved** the **Master permit**, the Utility Company shall:
 - a. Apply for an **Electrical Low Voltage permit** (*when applicable/requested ie. Small Cell 5g, etc.*)
 - b. Submit Maintenance of Traffic (MOT) Form for review and approval from Transportation and Mobility (TAM) upon request. Click → [Link for TAM-MOT](#) permitting procedure.

NOTE: PLEASE DO NOT SUBMIT MOT FORM to TAM until Utility Franchise Permit Review is TENTATIVELY APPROVED by Engineering.
