Page 2: Board of Adjustment (BOA) Criteria for Variance Request

This page must be filled in. An attached narrative may be included if additional space is required.

SPECIFIC REQUEST: State the specific request according to the ULDR or other provisions of the Code.

N/A - Special Exception - See Narrative

CRITERIA: Applicant must demonstrate a unique hardship attributable to the land by proving by a preponderance of the evidence for all of the following criteria. Please answer the following criteria completely. While some criteria may seem duplicative the response should be tailored specifically to each. Per section 47-24.12.A.4,

a. Special conditions and circumstances affect the property at issue which prevent the reasonable use of such property; and

b. Circumstances which cause the special conditions are peculiar to the property at issue, or to such a small number of properties that they clearly constitute marked exceptions to other properties in the same zoning district; and:

c. Literal application of the provisions of the ULDR would deprive the applicant of a substantial property right that is enjoyed by other property owners in the same zoning district. (It shall be of no importance to this criterion that a denial of the variance sought might deny to the owner a more profitable use of the property, provided the provisions of the ULDR still allow a reasonable use of the property; and

d. The unique hardship is not self-created by the applicant or his predecessors, nor is it the result of mere disregard for, or ignorance of, the provisions of the ULDR or antecedent zoning regulations; and

e. The variance is the minimum variance that will make possible a reasonable use of the property and that the variance will be in harmony with the general purposes and intent of the ULDR and the use as varied will not be incompatible with adjoining properties or the surrounding neighborhood or otherwise detrimental to the public welfare.

AFFIDAVIT: I, Jason S Crush the Owner/Agent of said property ATTEST that I am aware of the following:

1. In order to be entitled to the relief requested in the application an affirmative vote of a majority plus one of the Board of Adjustment is required;
2. That in granting the relief requested, the Board of Adjustment is limited to the authority vested in the Board by the ULDR and that the Board may not grant the relief requested unless the applicant proves all the criteria specified in the ULDR have been met;
3. That the granting of relief by the Board does not exempt the applicant or owner of record from the responsibilities of obtaining all applicable permits or approvals as may be required by law for both new and existing structures;
4. That if the relief requested is granted by the Board, the applicant must secure a building permit to implement the relief requested within one hundred eighty (180) days of the entry of the final order of the Board, or within such lesser time as the Board may proscribe and that failure to procure the necessary permits within the time so proscribed shall render the variance or special exception null and void;
5. That if the Board denies the request for relief, then no additional application for the same or substantially the same relief may be entertained by the Board within two (2) years of the date of entry of the final order of denial.

OCEAN WINE & SPIRITS NARRATIVE

2780 E Oakland Park Blvd.

Special Exception Request:

Code of Ordinances Section 5-26 – Distance Between Establishments

Ocean Wine & Sprits (“OWS”) located at 2780 E Oakland Park Blvd. (the “Property”), respectfully requests a Special Exception from the City of Fort Lauderdale to allow a 3PS / 4COP to allow the sale of alcoholic beverages on the Property. Code of Ordinances Section 5-26 - Distance Between Establishments (the “Code”) provides for a distance of 300 feet between establishments that are licensed to sell alcoholic beverages. The Property is 293 feet from the nearest establishment licensed to sell alcoholic beverages – the Rainbow Palace restaurant has a 4COP Quota license.

Ocean Wine and Spirits provides a neighborhood serving package store for alcoholic beverages. OWS carries many high end and specialty brands that are desired by customers and not readily available at other establishments that sell package alcohol in the area. Additionally, OWS will provide on-site tastings for neighbors to sample wine spirits before purchasing.

Section 5-26.b specifically provides that the Board of Adjustment is authorized to grant special exceptions to the distance requirements where the Board finds that such special exception will not be contrary to the public interests and is not incompatible with the surrounding neighborhood.

Pursuant to Section 47-24.12.A.5. of the ULDR a special exception shall be granted upon demonstration by a preponderance of the evidence of all of the following criteria are met - which we believe are more than met by this application:

a. Whether the proposed development or use meets the requirements for a special exception as provided by the ULDR.

Package liquor stores are permitted in the zoning district. Section 5-26 requires a distance of 300 feet between another establishment that serves alcohol and allows establishments that do not meet the distance requirement to seek a Special Exception to allow such sales.

b. Granting of the special exception shall not be incompatible with adjoining properties or the surrounding neighborhood or otherwise contrary to the public interest.

The Property is located in the City’s Oakland Park commercial area which is an area of Oakland Park bounded on the East by the Intracoastal Waterway and the west by Federal Highway. This area is home to many other commercial uses that sell alcoholic beverages including Rainbow Palace; Café Seville; Sicilian Oven; Beg for More Sushi & Thai; Thrush Bar; Il Paesano; and other similar businesses that all sell alcoholic beverages.

Since the Property is located on a primarily commercial corridor surrounded by commercial and business uses granting of this Special Exception to allow OWS to sell alcoholic beverages to surrounding residences is consistent with the existing uses and compatible with the area. Further, the granting of this Special Exception will not impact or conflict with the surrounding neighborhood as the use serves area residents and will be enjoyed by all.
