Page 2: Board of Adjustment (BOA) Criteria for Variance Request

Complete this page and an attached narrative.

SPECIFIC REQUEST: State the specific request according to the ULDR or other provisions of the Code.

The applicant is seeking a Variance on the Lot Width Requirements in an RS-8 District (ULDR 47-5.31)

CRITERIA: Applicant must demonstrate a unique hardship attributable to the land by proving by a preponderance of the evidence for all of the following criteria. Please answer the following criteria completely. While some criteria may seem duplicative the response should be tailored specifically to each. Per section 47-24.12. A.4,

a. Special conditions and circumstances affect the property at issue which prevent the reasonable use of such property; and

The originally platted lots 8 and 9 were unified prior to March 1st 1989 (ULDR 47-24.5)

b. Circumstances which cause the special conditions are peculiar to the property at issue, or to such a small number of properties that they clearly constitute marked exceptions to other properties in the same zoning district; and:

Many of the previously platted Lots of Block 20 Victoria Park Corr Amended Plat are less than 50' wide.

c. Literal application of the provisions of the ULDR would deprive the applicant of a substantial property right that is enjoyed by other property owners in the same zoning district. (It shall be of no importance to this criterion that a denial of the variance sought might deny to the owner a more profitable use of the property, provided the provisions of the ULDR still allow a reasonable use of the property; and

If ULDR 47-3.3 is applied it would necessitate a division the property into an East Lot - West Lot configuration, which would likely impose hardships on the applicant not imposed on other property owners in the same district. Such the need for catch basins - drain fields to manage on-site water retention, and would also prohibit equal development of Lot 9 to the South.

d. The unique hardship is not self-created by the applicant or his predecessors, nor is it the result of mere disregard for, or ignorance of, the provisions of the ULDR or antecedent zoning regulations; and

This hardship is created by the subsequent requirements of the ULDR, given the original platting of 1927.

e. The variance is the minimum variance that will make possible a reasonable use of the property and that the variance will be in harmony with the general purposes and intent of the ULDR and the use as varied will not be incompatible with adjoining properties or the surrounding neighborhood or otherwise detrimental to the public welfare.

The Variance is minimal, returning the lot to the previously platted width of 48', 2' less than the required 50'

AFFIDAVIT: I, Robert Edeward the Owner/Agent of said property ATTEST that I am aware of the following:

1. In order to be entitled to the relief requested in the application an affirmative vote of a majority plus one of the Board of Adjustment is required;
2. That in granting the relief requested, the Board of Adjustment is limited to the authority vested in the Board by the ULDR and that the Board may not grant the relief requested unless the applicant proves all the criteria specified in the ULDR have been met;
3. That the granting of relief by the Board does not exempt the applicant or owner of record from the responsibilities of obtaining all applicable permits or approvals as may be required by law for both new and existing structures;
4. That if the relief requested is granted by the Board, the applicant must secure a building permit to implement the relief requested within one hundred eighty (180) days of the entry of the final order of the Board, or within such lesser time as the Board may proscribe and that failure to procure the necessary permits within the time so proscribed shall render the variance or special exception null and void;
5. That if the Board denies the request for relief, then no additional application for the same or substantially the same relief may be entertained by the Board within two (2) years of the date of entry of the final order of denial.

SIGN NOTICE

Applicant must POST SIGNS (for Board of Adjustment) according to Sec. 47-27.2 Types of Public Notice and 47-27.9 Variance, Special Exception, Temporary Non-Conforming Use, Interpretation requires the following notice:

- Sign Notice shall be given by the applicant by posting a sign provided by the City stating the time, date, and place of the Public Hearing on such matter on the property which is the subject of an application for a development permit. If more than one (1) public hearing is held on a matter, the date, time, and place shall be stated on the sign or changed as applicable.
The sign shall be posted at least fifteen (15) days prior to the date of the public hearing.
The sign shall be visible from adjacent rights-of-way, including waterways, but excepting alleys.
If the subject property is on more than one (1) right-of-way, as described above, a sign shall be posted facing each right-of-way.
If the applicant is not the owner of the property that is subject of the application, the applicant shall post the sign on or as near to the subject property as possible subject to the permission of the owner of the property where the sign is located or, in a location in the right-of-way if approved by the City.
If the sign is destroyed or removed from the property, the applicant is responsible for obtaining another sign from the City and posting the sign on the property.
The sign shall remain on the property until final disposition of the application. This shall include any deferral, rehearing, appeal, request for review or hearings by another body. The sign information shall be changed as above to reflect any new dates.
The applicant shall, five (5) days prior to the public hearing, execute and submit to the department an affidavit of proof of posting of the public notice sign according to this section. If the applicant fails to submit the affidavit the public hearing will be postponed until the next hearing after the affidavit has been supplied.

Board of Adjustment Narrative

629 NE 18th Ave, Fort Lauderdale, FL 33304
Lot 8, Block 20, Victoria Park Corr Amended Plat

December 3, 2021

Dear Board Members,

The applicant, Cabot Edewaard – Ridge Houses 2, LLC, is seeking approval to return the subject property, 629 NE 18th Ave, (1765 NE 6th Ct) to its previously platted individual lots, *Lot 8* and *Lot 9*, with the intention of building one single family home on each lot.

The applicant is further seeking a Variance on the Lot Width Requirements in the RS-8 District where the subject property is located. Many of the originally platted Lots (circa 1927, see sheet SP-2) of Block 20 are less than the currently required 50' wide. (ULDR 47-5.31 Dimensional Requirements for the RS-8 District)

Although sections of the ULDR (47-3.3 Nonconforming Lot and 47-24.5 Subdivision Regulations) prescribe a protocol that intends to maintain unified nonconforming lots, the applicant asks that the Board Members consider the specific context of the subject property and its compatibility with the overall composition of the neighborhood. Also to consider that the development of the originally platted lots with a more linear rectangle shape will allow for more effective on-site water retention in the rear yard without the use of catch basins and drain fields, which is a property right afforded to other property owners in the same district. Also note that ULDR 47-3.3 does allow the use of a nonconforming lot for a single family structure, and that the Variance request is to return to the previously platted lot width not to reduce it. This also facilitates the equal development of lot 9, block 20 to the south.

Thank you for your consideration,

Mark Thomas Budd
Architect
