Answer All questions on this page and attach narrative.

SPECIFIC REQUEST: State the specific request according to the ULDR or other provisions of the Code.

Variance for front yard setback reduction according to section 47-5.31. - Table of dimensional requirements for RS-8 District

CRITERIA: Applicant must demonstrate a unique hardship attributable to the land by proving by a preponderance of the evidence for all of the following criteria. Please answer the following criteria completely. While some criteria may seem duplicative the response should be tailored specifically to each. Per section 47-24.12, A.4,

a. Special conditions and circumstances affect the property at issue which prevent the reasonable use of such property; and

Please see attached response

b. Circumstances which cause the special conditions are peculiar to the property at issue, or to such a small number of properties that they clearly constitute marked exceptions to other properties in the same zoning district; and:

Please see attached response

c. Literal application of the provisions of the ULDR would deprive the applicant of a substantial property right that is enjoyed by other property owners in the same zoning district. (It shall be of no importance to this criterion that a denial of the variance sought might deny to the owner a more profitable use of the property, provided the provisions of the ULDR still allow a reasonable use of the property; and

Please see attached response

d. The unique hardship is not self-created by the applicant or his predecessors, nor is it the result of mere disregard for, or ignorance of, the provisions of the ULDR or antecedent zoning regulations; and

Please see attached response

e. The variance is the minimum variance that will make possible a reasonable use of the property and that the variance will be in harmony with the general purposes and intent of the ULDR and the use as varied will not be incompatible with adjoining properties or the surrounding neighborhood or otherwise detrimental to the public welfare.

Please see attached response

AFFIDAVIT: I, Eric Slazyk the Owner/Agent of said property ATTEST that I am aware of the following:

1. In order to be entitled to the relief requested in the application an affirmative vote of a majority plus one of the Board of Adjustment is required;
2. That in granting the relief requested, the Board of Adjustment is limited to the authority vested in the Board by the ULDR and that the Board may not grant the relief requested unless the applicant proves all the criteria specified in the ULDR have been met;
3. That the granting of relief by the Board does not exempt the applicant or owner of record from the responsibilities of obtaining all applicable permits or approvals as may be required by law for both new and existing structures;
4. That if the relief requested is granted by the Board, the applicant must secure a building permit to implement the relief requested within one hundred eighty (180) days of the entry of the final order of the Board, or within such lesser time as the Board may proscribe and that failure to procure the necessary permits within the time so proscribed shall render the variance or special exception null and void;
5. That if the Board denies the request for relief, then no additional application for the same or substantially the same relief may be entertained by the Board within two (2) years of the date of entry of the final order of denial.

NOTARY PUBLIC
MY COMMISSION EXPIRES:

CRITERIA: Applicant must demonstrate a unique hardship attributable to the land by proving by a preponderance of the evidence for all of the following criteria. Please answer the following criteria completely. While some criteria may seem duplicative the response should be tailored specifically to each. Per section 47-24.12. A.4,

Please see responses below:

- A. Special conditions and circumstances affect the property at issue which prevent the reasonable use of property in that such property is not a regular shaped lot and is located at the end of a dead-end street.
- B. Circumstances which cause the special conditions are peculiar to the property at issue, or to such a small number of properties that they clearly constitute marked exceptions to other properties in the same zoning district in that the shape and location are unique in the area and result in a hardship for development.
- C. Literal application of the provisions of the ULDR would deprive the applicant of a substantial property right that is enjoyed by other property owners in the same zoning district. In that the application of setbacks on such an odd shaped lot substantially deprive the property owner of the same rights afforded to other properties in the same zoning district with regular lots
- D. The unique hardship is not self-created by the applicant or his predecessors, nor is it the result of mere disregard for, or ignorance of, the provisions of the ULDR or antecedent zoning regulations in that the property was platted as it now exists and the owner did not create the hardship that is associated with this lot.
- E. The variance is the minimum variance that will make possible a reasonable use of the property and that the variance will be in harmony with the general purposes and intent of the ULDR and the use as varied will not be incompatible with adjoining residential properties or the surrounding neighborhood or otherwise detrimental to the public welfare in that the proposed addition is in order to add a garage which is a reasonable accessory use for this property and due to the location of the property on a dead end street, the addition will have no adverse impacts on the adjoining residential properties. The current residence does not have an existing garage. The addition was specifically designed to be consistent with the height and profile of the existing residence.

SIGN NOTICE

Applicant must **POST SIGNS** (for Board of Adjustment) according to Sec. 47-27.2 Types of Public Notice and 47-27.9 Variance, Special Exception, Temporary Non-Conforming Use, Interpretation requires the following notice:

- Sign Notice shall be given by the applicant by posting a sign provided by the City stating the time, date, and place of the Public Hearing on such matter on the property which is the subject of an application for a development permit. If more than one (1) public hearing is held on a matter, the date, time, and place shall be stated on the sign or changed as applicable.
- The sign shall be posted at least fifteen (15) days prior to the date of the public hearing.
- The sign shall be visible from adjacent rights-of-way, including waterways, but excepting alleys.
- If the subject property is on more than one (1) right-of-way, as described above, a sign shall be posted facing each right-of-way.
- If the applicant is not the owner of the property that is subject of the application, the applicant shall post the sign on or as near to the subject property as possible subject to the permission of the owner of the property where the sign is located or, in a location in the right-of-way if approved by the City.
- If the sign is destroyed or removed from the property, the applicant is responsible for obtaining another sign from the City and posting the sign on the property.
- The sign shall remain on the property until final disposition of the application. This shall include any deferral, rehearing, appeal, request for review or hearings by another body. The sign information shall be changed as above to reflect any new dates.
- The applicant shall, five (5) days prior to the public hearing, execute and submit to the department an affidavit of proof of posting of the public notice sign according to this section. If the applicant fails to submit the affidavit the public hearing will be postponed until the next hearing after the affidavit has been supplied.

Re: Proposed Garage Addition/ Variance Submittal for Johnston Residence
1010 SW 14th Terrace
Ft Lauderdale, Florida 33312

A. Narrative – Variance Request Per Section ULDR 47-5.31.

This variance is requesting a proposed front and side yard setback modification which will make possible a reasonable use of the property, will be in harmony with the general purposes and intent of the ULDR and the use will not be incompatible with adjoining residential properties or the surrounding neighborhood or otherwise detrimental to the public welfare.

This variance request is in order to add a garage to a property located in a residentially zoned area which is a reasonable accessory use for this property. The addition will have no adverse impacts on the adjoining residential properties.

The addition will provide a garage for the existing residence which does not currently have a garage. The addition was specifically designed to be consistent with the height, profile and style of the existing residence.

Please contact us with any additional questions at (954) 432-8181.

Respectively Submitted,

CRITERIA: Applicant must demonstrate a unique hardship attributable to the land by proving by a preponderance of the evidence for all of the following criteria. Please answer the following criteria completely. While some criteria may seem duplicative the response should be tailored specifically to each. Per section 47-24.12. A.4,

Please see responses below:

- A. Special conditions and circumstances affect the property at issue which prevent the reasonable use of property in that such property is not a regular shaped lot and is located at the end of a dead-end street.
- B. Circumstances which cause the special conditions are peculiar to the property at issue, or to such a small number of properties that they clearly constitute marked exceptions to other properties in the same zoning district in that the shape and location are unique in the area and result in a hardship for development.
- C. Literal application of the provisions of the ULDR would deprive the applicant of a substantial property right that is enjoyed by other property owners in the same zoning district. In that the application of setbacks on such an odd shaped lot substantially deprive the property owner of the same rights afforded to other properties in the same zoning district with regular lots
- D. The unique hardship is not self-created by the applicant or his predecessors, nor is it the result of mere disregard for, or ignorance of, the provisions of the ULDR or antecedent zoning regulations in that the property was platted as it now exists and the owner did not create the hardship that is associated with this lot.
- E. The variance is the minimum variance that will make possible a reasonable use of the property and that the variance will be in harmony with the general purposes and intent of the ULDR and the use as varied will not be incompatible with adjoining residential properties or the surrounding neighborhood or otherwise detrimental to the public welfare in that the proposed addition is in order to add a garage which is a reasonable accessory use for this property and due to the location of the property on a dead end street, the addition will have no adverse impacts on the adjoining residential properties. The current residence does not have an existing garage. The addition was specifically designed to be consistent with the height, profile and style of the existing residence.

BOUNDARY & TOPOGRAPHIC SURVEY

GENERAL SURVEYOR'S NOTES:

- 1)-This survey was conducted for the purpose of a "Boundary & Topographic Survey" only and is not intended to delineate the regulatory jurisdiction of any federal, state, regional or local agency, board, commission or other entity.
- 2)-The accuracy obtained by measurements and calculations on this survey, meets and exceeds the Minimum Technical Standards requirements for a suburban area (1 foot in 7,500 feet) as specified in Chapter 5J-17, Florida Administrative Code.
- 3)-This Survey does not reflect or determine ownership.
- 4)-Legal Description subject to any dedications, limitations, retractions reservations or easements of record.
- 5)-Examination of the Abstract of Title will have to be made to determine recorded instruments, if any affecting the property: search of Public Records not performed by this office.
- 6)-No effort was made by this office to locate any underground utilities and/or structures within or abutting the subject property.
- 7)-This Survey has been prepared for the exclusive use the entitled named hereon only and certifications hereon do not extend to any unnamed parties.
- 8)-This Survey was prepared for a Mortgage Transaction only; not to be used for design and/or construction purposes without the consent of this office.
- 9)-Utility facilities within Utility Easements not noted as violations.
- 10)-Driveways or portions thereof within Roadways not noted as violations or encroachments.
- 11)-Foundations and/or footings underneath the ground surface that may cross beyond the boundary lines of the herein described parcel are not shown.
- 12)-Fence ownership determines by visual means only (If any); Legal ownership not determined.
- 13)-No search records was made by this firm beside the record plat; therefore we do not imply or accept responsibility for any Easement, Dedication or Limitation for which information was not furnished.
- 14)-Contact the appropriate authorities prior to any design work on the hereon-described parcel for Building and Zoning information.
- 15)-In some instances graphic representations have been exaggerated to more clearly illustrate the relationship between physical improvements and/or lot lines, in all cases dimensions shall control the location of the improvements over scaled positions.
- 16)-The dimensions and directions shown hereon are in substantial agreement with record and calculated values unless otherwise noted.
- 17)-Obstructed corners are witnessed by improvements.
- 18)-8)-The US Army Corp of Engineers program Corpcon v6.0.1 based on the VERTCON 2.0 model (1994) was utilized to convert the orthometric height between City of Ft. Lauderdale BM - SW 512 in NGVD (1929) and NAVD (1988). The local conversion from NGVD (1929) to NAVD (1988) is (-)1.585 feet.
