

A1A STREETScape IMPROVEMENT PROJECT

The City of Fort Lauderdale is working with Weekley Asphalt Paving, Inc. to make streetscape improvements along A1A from the Fort Lauderdale Beach Parking Lot entrance (near SE 5 Street) to Sunrise Boulevard. This project will enhance pedestrian lighting and safety and create a signature hardscape pattern at the intersection of A1A and Las Olas Boulevard. The project includes:

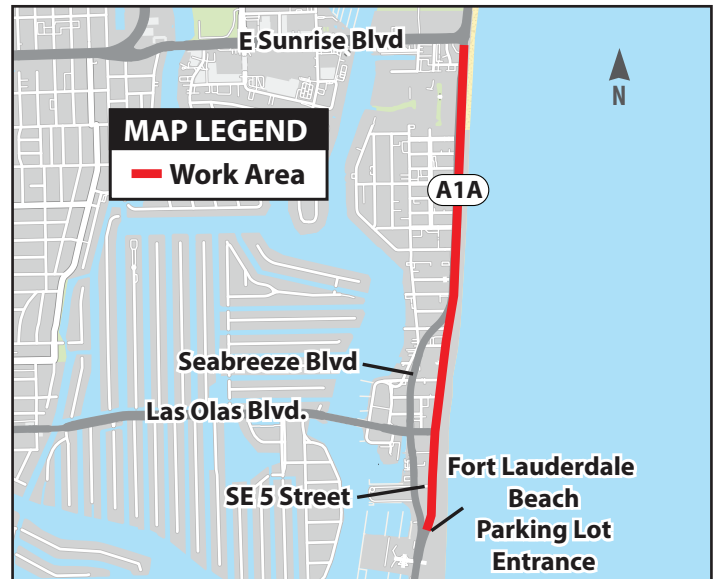

- Relocating existing palms to the curb to extend sidewalk area on both sides of A1A
- Upgrading hardscape elements including colored, decorative concrete
- Installing site furnishing elements including accent seating and bollards
- Installing LED pedestrian lights along the west side of A1A that will provide amber-colored lighting during turtle nesting season and white lighting during the remainder of the year

Construction will begin on Monday, April 24, 2023, and is expected to be completed in December 2023. Work will typically take place Monday through Friday between 8 a.m. and 4 p.m. Some activities may be scheduled during early morning hours in heavy traffic areas. Crews will work simultaneously at both ends of the project limits and move toward the center.

Traffic Impacts

- Intermittent lane closures are expected along A1A during work hours to safely accommodate concrete operations and deliveries of trees and fixtures.
- Portions of the sidewalk may be temporarily closed during work hours and while concrete is setting. Pedestrian and beach access will be maintained at all times.

Please follow posted signs and exercise caution when traveling in the area.

Public Meeting & Project Updates

Neighbors and business representatives are invited to participate in a public meeting to learn more about the project, meet the project team and discuss any questions or concerns.

Wednesday, April 19 | 5 - 6 p.m.

- Join on Zoom at ftlcity.info/a1astreetscape419
- Dial-In at 1-646-828-7666
- Meeting ID: 160 363 3898

Once construction begins, updates will be posted regularly at ftlcity.info/a1astreetscape. We apologize in advance for any inconvenience and thank our neighbors for their patience as we work to complete this project.
