

RETAIL PHARMACY DIRECTORY

Participating pharmacies in the Cigna 90 Now network

The Cigna 90 NowSM Program Retail Pharmacy Directory

There are thousands of retail pharmacies in your plan's network. They include local pharmacies, grocery stores, retail chains and wholesale warehouse stores - all places where you may already shop. Every pharmacy in your plan's network can fill 30-day prescriptions, and a select number of pharmacies can fill 90-day prescriptions. **This is a list of the largest retail pharmacy chains in the United States that participate in the Cigna 90 Now network.**¹ It's not a complete list of in-network pharmacies. You can log in to the **myCigna**[®] app² or **myCigna.com**[®],³ or go to **Cigna.com/Rx90network**, to find more pharmacies in your plan's network.

Remember that with the Cigna 90 Now program, all 90-day prescriptions⁴ must be filled at a retail pharmacy approved to fill 90-day supplies, or through Express Scripts[®] Pharmacy, our home delivery pharmacy (if your plan allows).⁵ In this list, pharmacies that are approved to fill 90-day supplies have this symbol  next to them.

Consider using Express Scripts[®] Pharmacy.⁵ They help make things easy by putting everything at your fingertips.

Home delivery is a convenient option when you're taking a medication on a regular basis. With just a few simple clicks of your mobile phone, tablet or computer, your important medications will be on their way to your door (or location of your choice). To learn more, go to **Cigna.com/homedelivery**.

- › **Easily order, manage, track, and pay for your medications** on your phone or online

Pharmacies with this symbol  next to them can fill both 90-day and 30 day prescriptions. **For example, CVS can fill both amounts.** Any pharmacy listed here that doesn't have that symbol next to it is only approved to fill up to a 30-day supply. **For example, Walgreens is only approved to fill 30-day prescriptions.**

Frequently asked questions

What are maintenance medications?

These are medications you take on a regular basis to treat an ongoing health condition like asthma, diabetes, high blood pressure, or high cholesterol. Maintenance medications are not used to treat a short-term condition like an infection or pain caused by surgery or a broken bone.

What's the Cigna 90 Now program?

It's a program that helps make it easier for you to fill maintenance medications.

- › Provides coverage for 90-day (or 3-month) supplies at select retail pharmacies in your plan's network and through Express Scripts® Pharmacy, our home delivery pharmacy (if your plan allows).⁵
- › Provides coverage for 30-day supplies at all pharmacies in your plan's network.
- › **If you fill a prescription in a 90-day supply,⁴ you must use an in-network retail pharmacy that's approved to fill 90-day supplies, or home delivery,⁵ to receive coverage.**
- › Does not include narcotics or specialty medications.

Can any medication be filled in a 90-day supply?

No. For example, medications used to treat a short-term condition, narcotic pain medications and most specialty medications (which are used to treat complex medical conditions) aren't typically available in a 90-day supply.

Are there any benefits to filling a 90-day supply?

Yes. You'll make fewer trips to the pharmacy for refills. And you're more likely to stay healthy because with a 90-day supply on-hand, you're less likely to miss a dose.⁷

Will I save money by filling a 90-day supply?

It depends on your plan. Log in to the **myCigna** App or website, or check your plan materials, to learn more about how your plan covers 90-day fills.

Do I need my doctor's approval to switch to a 90-day prescription?

Yes, you'll need a new prescription for a 90-day supply.

Are 90-day prescription fills available through home delivery?

Yes, as long as your plan allows.⁵ Here are three easy ways to switch to home delivery.

1. **Log in to the myCigna App or myCigna.com** to move your prescription electronically. Click on the Prescriptions tab and select My Medications from the dropdown menu. Then click the button next to your medication name to move your prescription(s).
2. **Call your doctor's office.** Ask them to send a 90-day prescription (with refills)⁴ electronically to Express Scripts Home Delivery. Or,
3. **Call Express Scripts® Pharmacy at 800.835.3784.** They'll contact your doctor's office to help transfer your prescription. Have your Cigna ID card, doctor's contact information and medication name(s) ready when you call.

Can Express Scripts® Pharmacy help transfer my current prescription from my local retail pharmacy?

Yes. Simply call **800.835.3784** and have your Cigna ID card, doctor's contact information and medication name(s) ready when you call. Express Scripts® Pharmacy will do the rest.

I have a 90-day prescription but my pharmacy isn't approved to fill 90-day supplies. How do I switch pharmacies?

Once you find a pharmacy that's approved to fill 90-day supplies, here are two easy ways you can move your prescription:

- › **Call your doctor's office.** Ask them to send your 90-day prescription electronically to your new pharmacy. Or,
- › **If your prescription still has a refill available,** ask the pharmacist at your new pharmacy to contact your current pharmacy to help transfer your prescription.

I want to fill a 90-day supply, but my current prescription is only for 30-days. How do I fill a larger amount?

Call your doctor's office and ask them for a new prescription for a 90-day (or 3-month) supply. Then ask them to send it electronically to an in-network pharmacy that's approved to fill 90-day supplies.

Can I choose to fill my maintenance medication in a 30-day supply instead of a 90-day supply?

Your plan may require you to fill maintenance medications in a 90-day supply to be covered. Log in to the **myCigna** App or website, or check your plan materials, to learn more about how your plan covers maintenance medications. If you still have questions, call us at the number on your Cigna ID card. We're available anytime, 24/7. You can also chat with us online on the **myCigna** website, Monday-Friday, 9:00 am-8:00 pm EST.

Can I fill my 30-day prescriptions at the same pharmacy I get my 90-day supply from?

Yes. You can fill your 30-day prescriptions at the same retail pharmacy where you fill your 90-day prescriptions.

1. Participating Cigna 90 Now pharmacies as of January 1, 2023. Subject to change.
2. Some medications aren't available in a 90-day supply and may only be packaged in lesser amounts. For example, three packages of oral contraceptives equal an 84-day supply. Even though it's not a "90-day supply," it's still considered a 90-day prescription.
3. App/online store terms and mobile phone carrier/data charges apply.
4. Customers under age 13 (and/or their parent/guardian) will not be able to register at myCigna.com.
5. Not all plans offer home delivery as a covered pharmacy option. Log in to the myCigna App or website, or check your plan materials, to learn more about the pharmacies in your plan's network.
6. Standard shipping costs are included as part of your prescription plan.
7. Internal Cigna analysis performed Jan 2019, utilizing 2018 Cigna national book of business average medication adherence (customer adherent > 80% Proportion Days Covered), 90-day supply vs. those who received a 30-day supply taking antidiabetics, blood pressure medications, and statins.
