Re: February 20, 2024, Walk-On Notification

The intent of this memorandum is to notify you of a potential Walk-On item for the February 20, 2024, agenda. As City staff are finalizing the 2024 spring break operations plans, we are recommending an amendment to Section 8-55.5 High Impact Events on Beach Property for purposes of public safety.

Section 8.55.5 defines a high impact event on the beach property and provides the City Manager with additional authority to impose immediate measures to protect the beach property from damage and property degradation and in order to protect the health, safety, and welfare of the general public.

City staff recommend modifications to the ordinance so that the City Manager has additional authority to address issues should they arise. The details of the amendment will be discussed as part of the City Manager's Report at the February 20, 2024, Conference Meeting. The amendment will require two readings which, if walked on, could be completed before the peak of the spring break period.

If you have any questions, please contact Ben Rogers, Director of Transportation and Mobility, at brogers@fortlauderdale.gov.
