CITY OF FORT LAUDERDALE FY 2025 DEPARTMENT REQUEST

FIRE RESCUE DEPARTMENT

Fire Rescue Department

Department Description

Since 1912, Fort Lauderdale Fire Rescue (FLFR) has been dedicated to saving life and property, providing fire prevention, preparedness, and Emergency Medical Services (EMS). FLFR preserves life and property with an exceptional response to calls for emergency assistance within its jurisdiction and as a partner to neighboring agencies, as part of Broward County’s Fastest Unit Response (FUR) program. FLFR engages with the City’s community and operates within the highest accreditation standards. The agency is fully accredited in several areas, including the Center for Public Safety Excellence (CPSE), Commission on Fire Accreditation International (CFAI), Commission on Accreditation of Ambulance Services (CAAS), Emergency Management Accreditation Program (EMAP), and Insurance Services Office (ISO).

FLFR prioritizes public safety by educating and engaging the communities of Fort Lauderdale, Wilton Manors, and the Village of Lazy Lake. The dedication of its firefighters and paramedics to fire rescue and to emergency services supports an efficient response approach to residents, property owners, businesses, and visitors. Fire Rescue operates 12 fire stations and responds to over 54,000 calls annually. FLFR continues to be one of the busiest fire rescue agencies within Broward County.

FLFR trains, certifies, and deploys the following Special Operations teams: Hazardous Materials, Technical Rescue, Marine Rescue, Special Weapons and Tactics (SWAT) Medics, and Aircraft Rescue Firefighting (ARFF). The Special Operation teams are geared toward incidents requiring a unique skill set and certifications across the City.

FLFR’s resource allocation and initiatives described in this section advance and achieve the following strategic goal to become “the City you never want to leave.”

PRESS PLAY FORT LAUDERDALE 2029 STRATEGIC PLAN

Goal 1: Be a safe community that is proactive and responsive to risks

HIGHLIGHTED PROGRAMS

- Fire Rescue Administration
- Ocean Rescue & Investigations
- Domestic Preparedness
- Financial Management
- EMS & Training Administration
- EMS & Training-Special Operations
- Fire Prevention
- Fire Safety Inspections
- Fire Plan Reviews
- High Rise & Sprinkler
- Support Services
- Fire Rescue Support
- ARFF/Crash Fire

Fire Rescue Department

Office of the Chief

Division Description

The Office of the Chief encompasses the administrative personnel in the Department, including all sworn non-operations staff, Ocean Rescue, Accreditation, Fire Logistics, Fire Training, Emergency Management, Fire Prevention Inspectors, and Administrative Support Personnel. This Division supports FLFR with administrative decision-making, policies, procedures, payroll and timekeeping, data collection, data analysis, community engagement, and risk reduction. The Office of the Chief is composed of three functional areas: Administrative Services, Support Services, and Domestic Preparedness & Community Risk Reduction Services.

FY 2024 Major Accomplishments

- Placed nine medical rescue units into production with a projected delivery of five in development.
- Transitioned Fire Logistics from 6,000 Square Foot to 15,592 Square Foot Warehouse
- Deployed 137 sets of firefighter bunker gear
- Replaced all Self-Contained Breathing Apparatus (SCBA) equipment (222 air packs, 450 cylinders)
- Installed a new temporary facility for Fire Station 13 at Highway A1A and Vistamar Street
- Installed a new temporary facility for Ocean Rescue Headquarters
- Replaced two PowerPro stretchers for the Operations units
- Installed a cascade and air supply filling station at Fire Station 46
- Replaced polyfluoroalkyl substances (PFAS) foam with PFAS-free environmentally friendly foam
- Placed new medical rescue units in service for Rescue 3, Rescue 29, and Rescue 47
- Supplied and coordinated two new hire Fire Cadet classes for Operations
- Deployed ImageTrend incident management fire reporting platform to replace Zoll FireRMS
- Deployed Community Health module for the Mobile Organizers Orienting Resources for Empowerment (M.O.O.R.E.) team to reduce the number of frequent 911 utilizers
- Started the implementation for the Fire internal Computer Aided Dispatch Reporting Data Warehouse (CAD-RDW)
- Hosted a designated infectious control officer class for FLFR and neighboring agencies
- Integrated the new CradlePoint wireless modems for Mobile Data Terminals (MDTs) to enhance the reliability of mobile wireless connectivity.
- Updated Pelican Boxes on all Medical Rescue Units (MRUs)
- Screened all sworn members of the Department with the LifeScan health program
- Updated FLFR EMS protocols with new treatments/trends
- Conducted a Department-wide pediatric training class
- Completed two (2) 10-week new hire classes for a total of 33 new cadets
- Created a “leadership through training workshop” for internal and external EMS bureaus
- Deployed a new hiring platform for EMT/Paramedics to increase reach of candidates for the FLFR hiring pool

Fire Rescue Department

Office of the Chief, continued

- Completed bail-out training for new bunker gear recipients to orient staff to proper gear use
- Provided Fire Records Management System (FireRMS) training sessions to improve accuracy in incident reporting
- Received accreditation approval from the Commission on Accreditation of Ambulance Services (CAAS)
- Developed a new testing process for Assistant Fire Marshal in the Fire Prevention Bureau to ensure staff is adequately prepared for duty
- Completed fire alarm billing software deployment and initiated billing program to recover fees
- Replaced nine Fire Prevention vehicles
- Assigned two additional Fire Investigators to the Fire Investigation Unit for a total of 10 positions

FY 2025 Major Projects and Initiatives

- Replace obsolete wireless modems with CradlePoint modems for data connectivity to the Mobile Data Terminals (MDT) on older units
- Complete the implementation for the internal Computer Aided Dispatch Reporting Data Warehouse (CAD-RDW)
- Establish a preventative maintenance schedule for staff vehicles in each Fire Bureau
- Establish a replacement plan for all specialty team equipment
- Revise the Fire Rescue Strategic Plan for 2025-2030
- Launch a 40-hour officer development course for sworn personnel
- Recruit for two to three Fire Cadet classes for future deployment to Operations
- Conduct Advanced Cardiovascular Life Support (ACLS) and Basic Life Support (BLS) American Heart Association classes
- Facilitate the configuration and build of four (4) fire suppression engines, two (2) aerial ladder trucks, and nine (9) Medical Rescue Units (MRUs)
- Manage projects for three new fire stations: Fire Station #88 (507 SE 11 Court), Fire Station #117 (216 SE 8th Avenue), and Fire Station #13 (2871 East Sunrise Boulevard)
- Initiate an opioid pilot program to address the drug crisis
- Increase public outreach through community events (similar to Hillmont Garden community health event)
- Provide enhanced data reporting as a result of the new ImageTrend Community Health platform
- Attend the Mobile Integrated Health (MIH) Summit and the MIH component for the 2024 First There First Care Conference
- Increase the number of Fire Department personnel with National Community Paramedic Certification
- Establish partnership with local hospitals to begin the Community Health Paramedic Program
- Establish a Fall Prevention Program

Fire Rescue Department

Fire Rescue

Division Description

Operations staff are actively deployed field personnel ranging from the rank of Assistant Chief to Firefighter/Paramedic. Operations staff are the front-line members who ride on each emergency unit and rotate on a three-day shift cycle of 24 hours per day, 365 days per year. The Fire Rescue Division is composed of the functional area of Emergency Services.

FY 2024 Major Accomplishments

- Implemented the Fastest Unit Response (FUR) emergency response model with City of Lauderhill

FY 2025 Major Projects and Initiatives

- Finalize the rollout of Fastest Unit Response with contiguous agencies to facilitate faster arrival times for calls near jurisdictional boundaries
- Conduct in-house certification classes for HazMat and Technical Rescue to increase the number of specialty team numbers
- Modify response profiles to reflect additional three-person medical rescue units and reduce out of zone responses
- Implement skills sign-off for Airport Rescue and Firefighting (ARFF) team performance
- Conduct large-scale training exercises to ensure preparedness for mass casualty incidents (MCIs) and acts of terror
- Roll out new Scott Air Packs, self-contained breathing apparatus (SCBAs), for units in the FLFR system
- Train all Fire Rescue Operations staff on rapid intervention and vehicle extrication

Fire Rescue Department

Department Performance Measures

Strategic Plan Goal	Performance Measure	FY 2022 Actual	FY 2023 Actual	FY 2024 Projected	FY 2024 Target	FY 2025 Target
Goal 1: Be a safe community that is proactive and responsive to risks	Residential Fire Response Time	12:03	14:17	N/A	≤10:20	≤10:20
	Commercial Fire Response Time	20:04	18:21	N/A	≤14:20	≤14:20

FY 2025 Major Variances

Personnel Services

- \$ 1,455,913 - Increase in permanent salaries due to contractual obligations
- 604,440 - Increase to reflect the first full year of the addition of nine (9) Fire Lieutenant positions to allow for third-person staffing on two (2) additional rescue units funded as of April 2024

Operating Expenses

- 368,944 - Increase for planned equipment replacement based on the Ten-Year Equipment Replacement Plan
- 349,271 - Increase for new Fire Logistics Warehouse lease of 15,592 square feet space
- 232,617 - Increase in fleet overhead expense primarily due to the one-time installation of new modems on Fire Rescue vehicles
- (421,871) - Decreased in bunker gear replacements based on the Ten-Year Equipment Replacement Plan

Capital Outlay

- 172,019 - Replacement of one (1) WaverRunner, five (5) trailers, and two (2) Emergency Medical Services (EMS) detail carts based upon established equipment replacement plan

			13.00	\$3,153,903	\$2,575,197

FY 2025 Decision Package Form

Fire Rescue Department

Priority Number: 1
Title of Request: Increasing Two Medical Rescue Units to 3-Person Staffed Units
Request Type: Position Request - New

New Position(s)	Position(s) Eliminated:	Change in Part-Time:	Total Change in FTEs:	Expected
9	0.00	0.00	9	12/2024

Basis of Justification: Improvement, revenue generating, mandated, cost reduction, workload change. Please state what will be the consequence if this request is not funded?

The Fire Rescue Department is requesting to add a third Firefighter/Paramedic to two (2) Medical Rescue Units (MRUs). The addition of a third person will benefit the community by increasing patient care for life threatening calls that require three paramedics on scene. The inclusion of three-person rescues will also enable the Advanced Life Support (ALS) engines and aerial/ladder trucks to remain available for simultaneous calls, thus reducing response times and enhancing patient survival and recovery rates.

Currently, Fire Rescue oversees twelve (12) Fire Stations within the City of Fort Lauderdale, deploying 17 Medical Rescue Units daily. Among these units, 12 are staffed by two-person Firefighter/Paramedics, which requires another unit to be dispatched when the situation requires a third person on scene. The additional nine (9) full-time Firefighter/Paramedics will facilitate the addition of staffing for two of the remaining twelve (12) two-person rescue units, addressing the rising concentration of calls in the busiest areas and resulting in a total of seven (7) three-person MRU's. The positions are expected to be utilized at Station 35 and Station 46.

Can this function be better if performed by a third party? Why or why not?

Currently, the City does not outsource Public Safety functions for Fire Rescue.

Will this request have space needs?

No additional office space will be needed for this request.

Performance Measures:

Measure Description	Current Year Projection	Next Year Without Funding Projection	Next Year Target with Funding Projection
Percent of unit responses classified as out of primary zones	15%	15%	12%

Strategic Connections:

Focus Area: Public Safety
 Goal: Public Safety - Be a safe community that is proactive and responsive to risks
 Source of Justification: Press Play Fort Lauderdale 2029, A 5-Year Strategic Plan

FY 2025 Decision Package Form

Fire Rescue Department

Priority Number: 2
Title of Request: Expansion of the Mobile Integrated Health Program – Homeless Action Team
Request Type: Program - Revised

New Position(s)	Position(s) Eliminated:	Change in Part-Time:	Total Change in FTEs:	Expected
2	0.00	0.00	2	12/2024

Basis of Justification: Improvement, revenue generating, mandated, cost reduction, workload change. Please state what will be the consequence if this request is not funded?

The Mobile Organizers Orienting Resources for Empowerment (M.O.O.R.E) Team is requesting funding for the addition of one (1) Homeless Coordinator, and one (1) Firefighter/Paramedic to provide patient care and resources to an estimated 200 unhoused individuals within the City. The Firefighter/Paramedic will form the part of the team that has medical clearance from the Medical Director to assess the patient while the Homeless Coordinator will focus on connecting those citizens who are experiencing crises with resources and agencies to get them back on their feet.

The Homeless Coordinator and Firefighter/Paramedic will support these individuals on their journey toward housing stability. This team will meet with clients at the Community Court, on the street, and in conjunction with Fort Lauderdale Police. The team meets clients at local hospitals to connect and educates them about initiatives provided by the City and by Broward County.

Since the inception of the M.O.O.R.E Team in 2023, the team has connected 333 high utilizers (911 callers with three or more logged calls annually) to public and private resources. The 333 high utilizers generated 2,558 calls over a period of four years. The two-person (Lieutenant and Community Health Coordinator) team currently have over 60 active cases which generated more than 410 calls in the last four years.

The continued follow-up of the two new team members of M.O.O.R.E. will work side by side with the existing team. The entire team works to further reduce high utilizers of the 911 system. The goal is to realign Fort Lauderdale’s most vulnerable citizens with proactive health and lifestyle choices, including mental health, substance recovery, health services (diabetes management), and housing options.

The addition of these two team members will augment the M.O.O.R.E. team approach to provide services to all citizens with an equitable approach, regardless of income, social status, or current situation.

Can this function be better if performed by a third party? Why or why not?

The function cannot be performed by a 3rd-party as the outreach to the community is part of a unified, integrated team within the EMS Bureau.

Will this request have space needs?

Yes, the positions of Homeless Coordinator and Paramedic will share one office space.

Performance Measures:

Measure Description	Current Year Projection	Next Year Without Funding Projection	Next Year Target with Funding Projection

Fire Rescue Department

Priority Number: 4
Title of Request: Ocean Rescue Beach Captain
Request Type: Position Request - New

New Position(s)	Position(s) Eliminated:	Change in Part-Time:	Total Change in FTEs:	Expected
1	0.00	0.00	1	10/2024

Basis of Justification: Improvement, revenue generating, mandated, cost reduction, workload change. Please state what will be the consequence if this request is not funded?

The Fire Rescue Department is seeking funding to establish a new classification within the Ocean Rescue Team, the role of Ocean Rescue Beach Captain. A Beach Captain position will provide the needed experience and ability to maintain coverage during the Chief's absence and increase the capacity for water rescue surveillance, response, and safety education to help eliminate drowning and water related injuries.

The Ocean Rescue Captain will assist the Ocean Rescue Chief with developing and implementing policies, procedures, protocols, and general orders for the safe, efficient, and effective operation of the team.

Can this function be better if performed by a third party? Why or why not?

Beach staffing cannot be outsourced at the present time.

Performance Measures:

Fire Rescue Department

Priority Number: 5
Title of Request: Logistics Warehouse Storage Facility Build-Out & Forklift Acquisition
Request Type: Program - New

New Position(s)	Position(s) Eliminated:	Change in Part-Time:	Total Change in FTEs:	Expected
0.00	0.00	0.00	0.00	10/2024

Basis of Justification: Improvement, revenue generating, mandated, cost reduction, workload change. Please state what will be the consequence if this request is not funded?

On December 19, 2023 City Commissioners approved the execution of a new 61-month lease agreement for a warehouse storage facility, at an annual cost of \$339,098 for Fire Rescue. The new 15,772 Square foot warehouse requires a substantial build-out to store and process orders from fire stations and facilities within the City.

The lease agreement does not include a logistics build-out; rather, it includes a basic facility build-out only for occupancy. This request is for the one time funding of \$100,000 to complete the build out of the storage facility. Additionally, the Department is requesting funding to purchase a Forklift to raise, lower, and remove large objects or smaller objects stacked on pallets, boxes, crates, or other containers. The warehouse facility will store medical supplies, reserve bunker gear, equipment, uniforms, bunker gear cleaning machines, frontline and reserve emergency equipment, and any items that must be on hand for immediate deployment.

Title of Request: Generator Replacement - Fire Station #2 (Headquarters)
Request Type: Capital Outlay

New Position(s)	Position(s) Eliminated:	Change in Part-Time:	Total Change in FTEs:	Expected
0.00	0.00	0.00	0.00	10/2024

Basis of Justification: Improvement, revenue generating, mandated, cost reduction, workload change. Please state what will be the consequence if this request is not funded?

The Fire Rescue Administration building currently leases a generator at a monthly cost exceeding \$13,000. The Department seeks funding to acquire a replacement generator, estimated at \$250,000.

Can this function be better if performed by a third party? Why or why not?

Currently, FLFR is using a third-party rental lease.

Fire Rescue Department

Priority Number: 7
Title of Request: Administrative Aide - Emergency Management
Request Type: Position Request - New

New Position(s)	Position(s) Eliminated:	Change in Part-Time:	Total Change in FTEs:	Expected
1	0.00	0.00	1	10/2024

Basis of Justification: Improvement, revenue generating, mandated, cost reduction, workload change. Please state what will be the consequence if this request is not funded?

The Fire Rescue Department is requesting one (1) full-time Administrative Aide position for the Emergency Management (EM), Homeland Security/Domestic Preparedness Bureau.

The Administrative Aide will be dedicated to scheduling the training calendar for tabletop exercises and drills conducted by EM for the City's large departments (Parks and Recreation, Public Works, and the City Manager's Office), tracking and logging grant spending and purchases, community outreach- enhancement by responding timely to the needs of the community, scheduling events, preparing materials for Homeowner Associations (HOA) engagements and school visits, and performing clerical duties during emergency activations necessary for Federal Emergency Management Agency (FEMA) reimbursement. This addition will enable the Emergency Management Captain to have more availability to provide public education to the community and to launch full scale programs such as Stop the Bleed, Hands-On CPR and (Automated External Defibrillator) AED Training.

Can this function be better if performed by a third party? Why or why not?

This position would be a non-sworn position and assist in increasing the efficiency of the Emergency Management Team.

Will this request have space needs?

No

Fire Rescue Department

Priority Number: 8
Title of Request: Training Enhancement - Implementation of Block Training Model
Request Type: Program - New

New Position(s)	Position(s) Eliminated:	Change in Part-Time:	Total Change in FTEs:	Expected
0.00	0.00	0.00	0.00	10/2024

Basis of Justification: Improvement, revenue generating, mandated, cost reduction, workload change. Please state what will be the consequence if this request is not funded?

The Operations Bureau of Fort Lauderdale Fire Rescue has identified delays in mandatory training, leading to diminished unit availability and diminished interest among members in joining specialty teams.

Implementing block training can mitigate the necessity of pulling units from service, condensing training durations from months to mere weeks. This endeavor guarantees that personnel are equipped with the latest techniques and strategies across all Fire Rescue domains, not solely restricted to specialty teams. Securing funding for this initiative will empower the Department to promptly adapt to industry shifts and requirements as they arise.

Can this function be better if performed by a third party? Why or why not?

The training is provided by a third party to benefit Fort Lauderdale Fire Rescue staff.

FIR-P3 HERON BAY GARAGE

PROJECT #: NEW-699105

Project Mgr: Robert Bacic - X6888 **Department:** Fire Rescue Department **Address:** Las Olas - E 10th Avenue
City: Fort Lauderdale
State: FL
Zip:

District: I II III IV

Description: Fire Rescue is seeking funding for the City's share of a P3 (public-private partnership) project that will provide for a 2 bay, 7 bunk fire station in the Heron Garage. This 2 Bay, 7 Bunk fire station will serve the Las Olas corridor and surrounding areas.

The developer will be supplying the building shell and cover certain contractually agreed upon components of the build including hard costs. The City will be required to build out the rest of the station to full operational readiness.

Justification: The fire station will serve the Las Olas Corridor and surrounding communities. This is a rapidly growing and heavily populated area of the City and a new station will help increase the quality of service.

Source of the Justification: Commission Priorities **Project Type:** Fire Control

LIFEGUARD TOWER REPLACEMENTS

PROJECT #: P12503

Project Mgr: DFC Robert Basic x6888 **Department:** Fire Rescue Department **Address:** Fort Lauderdale Beach Boulevard - A1A
City: Fort Lauderdale **State:** FL **Zip:** 33304
District: I II III IV

Description: The Fort Lauderdale Ocean Rescue Division covers three (3) miles of public beach, with twenty lifeguard towers spaced approximately 265 yards apart. The Fire Rescue Department is requesting the implementation of a funded replacement plan for existing lifeguard towers.

Justification: The Ocean Rescue bureau currently operates from twenty (20) lifeguard towers. These towers are specifically designed for Ocean Rescue services and meet all the criteria of a modern lifeguard tower. The average life expectancy of these towers are approximately twenty (20) years in the coastal environment of Fort Lauderdale. Initially, staff replaced four (4) aged lifeguard towers that were purchased in the 1980's. The current request is to fund the remaining sixteen (16) lifeguard towers, with three (3) towers set to be replaced in fiscal year (FY) 2023, based on their anticipated end of life cycle.

Source of the Justification: Not identified in approved plan **Project Type:** Other Physical Environment
