Memorandum No: 24-100

Date: June 24, 2024

To: Honorable Mayor, Vice Mayor, and Commissioners

Re: 2001 S State Road 7 Broward County Interconnect

The City of Fort Lauderdale has been informed by Broward County (County) that the County was being billed monthly for a meter located at 2001 S State Road 7 (Account #2060672). The County stated that the location has been solely used as an interconnect, to provide water in emergency situations, since 2007 and the meter should have been removed and the account closed.

Finance - Utility Billing and Public Works – Utilities staff have investigated and confirmed the location is used solely as an interconnect for City and County utility systems during emergency situations. It was determined that the meter was never removed when the previous service stopped, which resulted in the continued monthly charges.

The account was officially closed on January 3, 2024, and the County is requesting a refund for all payments between October 12, 2007, when the account should have been closed, and January 3, 2024. However, Utility Billing is only able to provide billing information dating back to May 25, 2010, and according to Florida State Statute 95.11, Limitations other than for the recovery of real property, the County would only be entitled to a refund for the last four (4) years. As such, staff recommends issuing Broward County Water and Wastewater Services a refund for payments made to account #2060672 for the last four (4) years of payments at an estimated amount of \$164,646.62.

Please contact Alan Dodd, Director – Public Works at adodd@fortlauderdale.gov or call 954-828-5806 for additional information.

LIMITATIONS

LIMITATIONS OF ACTIONS; ADVERSE POSSESSION

95.11 **Limitations other than for the recovery of real property.**—Actions other than for recovery of real property shall be commenced as follows:

(1) **WITHIN TWENTY YEARS.**—An action on a judgment or decree of a court of record in this state.

(2) **WITHIN FIVE YEARS.**—

(a) An action on a judgment or decree of any court, not of record, of this state or any court of the United States, any other state or territory in the United States, or a foreign country.

(b) A legal or equitable action on a contract, obligation, or liability founded on a written instrument, except for an action to enforce a claim against a payment bond, which shall be governed by the applicable provisions of paragraph (5)(e), s. [255.05\(10\)](#), s. [337.18\(1\)](#), or s. [713.23\(1\)\(e\)](#), and except for an action for a deficiency judgment governed by paragraph (5)(h).

(c) An action to foreclose a mortgage.

(d) An action alleging a willful violation of s. [448.110](#).

(e) Notwithstanding paragraph (b), an action for breach of a property insurance contract, with the period running from the date of loss.

¹(3) **WITHIN FOUR YEARS.**—

(a) An action relating to the determination of paternity, with the time running from the date the child reaches the age of majority.

²(b) An action founded on the design, planning, or construction of an improvement to real property, with the time running from the date the authority having jurisdiction issues a temporary certificate of occupancy, a certificate of occupancy, or a certificate of completion, or the date of abandonment of construction if not completed, whichever date is earliest; except that, when the action involves a latent defect, the time runs from the time the defect is discovered or should have been discovered with the exercise of due diligence. In any event, the action must be commenced within 7 years after the date the authority having jurisdiction issues a temporary certificate of occupancy, a certificate of occupancy, or a certificate of completion, or the date of abandonment of construction if not completed, whichever date is earliest. However, counterclaims, cross-claims, and third-party claims that arise out of the conduct, transaction, or occurrence set out or attempted to be set out in a pleading may be commenced up to 1 year after the pleading to which such claims relate is served, even if such claims would otherwise be time barred. With respect to actions founded on the design, planning, or construction of an improvement to real property, if such construction is performed pursuant to a duly issued building permit and if the authority having jurisdiction has issued a temporary certificate of occupancy, a certificate of occupancy, or a certificate of completion, then as to the construction which is within the scope of such building permit and certificate, the correction of defects to completed work or repair of completed work, whether performed under warranty or otherwise, does not extend the period of time within which an action must be commenced. If a newly constructed single-dwelling residential building is used as a model home, the time begins to run from the date that a deed is recorded first transferring title to another party. Notwithstanding any provision of this section to the contrary, if the improvement to real property consists of the design, planning, or construction of multiple buildings, each building must be considered its own improvement for purposes of determining the limitations period set forth in this paragraph.

(c) An action to recover public money or property held by a public officer or employee, or former public officer or employee, and obtained during, or as a result of, his or her public office or employment.

(d) An action for injury to a person founded on the design, manufacture, distribution, or sale of personal property that is not permanently incorporated in an improvement to real property, including fixtures.

(e) An action founded on a statutory liability.

(f) An action for trespass on real property.

(g) An action for taking, detaining, or injuring personal property.

(h) An action to recover specific personal property.

(i) A legal or equitable action founded on fraud.

(j) A legal or equitable action on a contract, obligation, or liability not founded on a written instrument, including an action for the sale and delivery of goods, wares, and merchandise, and on store accounts.

(k) An action to rescind a contract.

(l) An action for money paid to any governmental authority by mistake or inadvertence.

(m) An action for a statutory penalty or forfeiture.

(n) An action for assault, battery, false arrest, malicious prosecution, malicious interference, false imprisonment, or any other intentional tort, except as provided in subsections (4), (5), and (7).

(o) Any action not specifically provided for in these statutes.

(p) An action alleging a violation, other than a willful violation, of s. 448.110.

¹(4) WITHIN TWO YEARS.—

(a) An action founded on negligence.

(b) An action for professional malpractice, other than medical malpractice, whether founded on contract or tort; provided that the period of limitations shall run from the time the cause of action is discovered or should have been discovered with the exercise of due diligence. However, the limitation of actions herein for professional malpractice shall be limited to persons in privity with the professional.

(c) An action for medical malpractice shall be commenced within 2 years from the time the incident giving rise to the action occurred or within 2 years from the time the incident is discovered, or should have been discovered with the exercise of due diligence; however, in no event shall the action be commenced later than 4 years from the date of the incident or occurrence out of which the cause of action accrued, except that this 4-year period shall not bar an action brought on behalf of a minor on or before the child's eighth birthday. An "action for medical malpractice" is defined as a claim in tort or in contract for damages because of the death, injury, or monetary loss to any person arising out of any medical, dental, or surgical diagnosis, treatment, or care by any provider of health care. The limitation of actions within this subsection shall be limited to the health care provider and persons in privity with the provider of health care.
