

CITY OF FORT LAUDERDALE

Electric Vehicle (EV) Charging Station NEW PROGRAM

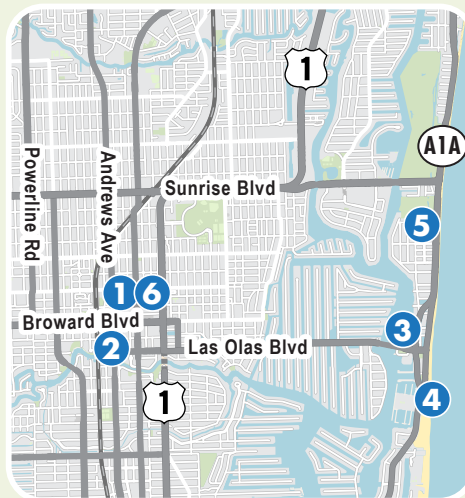

The City of Fort Lauderdale is powering up its commitment to sustainable transportation with the launch of its new electric vehicle (EV) charging program. With a network of charging stations located throughout the city, residents and visitors can now charge their EVs wherever it's convenient.

The program offers three flexible payment options to suit individual preferences. A four-hour charging limit applies to all options.

- Users can pay hourly using the ParkMobile app, making it easy to manage charging sessions on the fly.
- Drivers can opt for a monthly EV permit, providing access to all city-owned or operated charging stations.
- At certain parking garages, those who have already purchased a regular parking permit have full access to the EV charging stations within that garage.

CHARGING STATION LOCATIONS

- 1 City Hall Garage
100 N. Andrews Ave.
- 2 Riverwalk Center Garage
150 SE 2 St.
- 3 Las Olas Garage
200 E. Las Olas Cir.
- 4 Fort Lauderdale Beach Park
700 Seabreeze Blvd.
- 5 North Beach Parking Lot
725 N. Fort Lauderdale Beach Blvd.
- 6 Transportation and Mobility
290 NE 3rd Ave.

HOURLY CHARGING

\$5 per hour through the ParkMobile app

Scan code or visit parkmobile.io

RESIDENT MONTHLY PERMIT

\$50 per month

The monthly EV permit is valid at any city-owned or operated EV charging station. This digital permit applies to the specific vehicle that is registered at the time of purchase.

GARAGE-SPECIFIC PERMIT

Price varies by garage

Those who have a regular parking permit at the Las Olas Garage, Riverwalk Center Garage, or the Arts & Science District Garage can use the EV charging stations within that particular garage. The permit is valid for the specific vehicle that is registered at the time of purchase.
