

Building a Sustainable Fort Lauderdale

NETZERO

YOU ARE INVITED TO AN IN-PERSON WORKSHOP

As a city on the frontlines of climate change, Fort Lauderdale has set net zero goals to reduce its contributions to the causes of climate change. The City's Net Zero Plan will describe how we can achieve those goals.

These 1.5 hour meetings will provide an opportunity for the residents of Fort Lauderdale to brainstorm and prioritize actionable strategies for the Plan and review and comment on the draft Net Zero Plan.

Please join us! Register and select the strategies that will comprise the City's Net Zero Plan. We want to hear from you!
