**Re:** **East Las Olas Bridge Rehabilitation Project Update**

---

The Florida Department of Transportation (FDOT) plans to rehabilitate the East Las Olas Bridge in 2026. The FDOT project team is conducting initial community outreach with a focus on understanding the impacts of the project both over and under the bridge during construction.

FDOT met with the Central Beach Alliance in September and is scheduled to conduct a public meeting on November 14, 2024, at Art Serve with an option to attend virtually. FDOT will be promoting the upcoming meeting and the City's Strategic Communications team will supplement their outreach efforts.

Once the initial outreach is completed, FDOT plans to present at the City Commission Conference meeting in December 2024.
