

EARTH HOUR

JOIN THE GLOBAL COMMUNITY

MARCH 28, 2015 | 8:30 PM

EARTHHOUR.ORG

The City of Fort Lauderdale proudly supports Earth Hour 2015 and its mission to create a sustainable world.

On Saturday, March 28, from 8:30 pm – 9:30 pm, communities everywhere will switch off lights for one hour to celebrate a commitment to the planet by leading a more sustainable lifestyle.

The City of Fort Lauderdale plans to participate by turning off non-essential lighting at City Hall. Where possible, we invite our neighbors to join us in an effort to preserve our planet for future generations.

For more information on this World Wildlife Fund initiative, please visit www.earthhour.org.
